

Kartridges For Kidz Corporate Sponsor Program

(To Be Distributed to Local Businesses)

Turn Your Trash Into Cash By Donating Your Empty Printer Cartridges & Helping Local Schools/Organizations Raise Funds

- It is estimated that 300 million cartridges are thrown away every year.
- These cartridges are made of industrial plastics and take up to 1,000 years to decompose.
- In many states school budgets are being cut and can often times affect the quality of education for children.
- This is a wonderful opportunity to give back to the community and help schools that are in need.
- Business and school partnerships can benefit a corporation by helping its image within the community.

The following school/organization has asked for your consideration:

School/Organization Name _____

Contact Name _____

Address _____

City, State, and Zip _____

Here's how it works:

1. Please find a central location within your corporation for placing a cartridge collection box/bin.
2. Please notify all employees not to dispose of any Ink-Jet or Laser Cartridges.
3. After cartridges have been collected you may contact the school or organization that you are donating to and find out if they would like to pick up the cartridges themselves or have Kartridges For Kidz pick them up directly from your business. Cartridges can also be dropped off at the school/organization location.
4. If cartridges are picked up directly from Kartridges For Kidz please contact us for pick up arrangements at 1-866-543-9465, Fax 1-866-454-5439 or Email kartridgesforkidz@yahoo.com.

NOTE: Only name brand, once used cartridges are accepted. We do not accept remanufactured or refilled cartridges.
